Soluciones

Presto

Presto es el primer programa de presupuestos BIM orientado que integra la gestión y el control de costes para edificación y obra civil y que comprende las diferentes necesidades de todos los agentes que intervienen en todas las fases de la construcción.

- Profesionales que redactan proyectos
- Directores de ejecución de obras y project managers
- Empresas constructoras y promotoras

Presto, the first BIM oriented software for estimating that integrates management and cost control for construction and civil works. It covers every stakeholder's necessities in all construction stages.
